

## Partner with US

Partnering with Father Matters is a way we can change our communities together. We would like to encourage everyone to partner with us to help make our communities a huge success. Many of us count our blessings, and give generously to various charities, and to people in need. It's a beautiful, wonderful thing. However, we often overlook another group who also has needs: Fathers. There are many men who are struggling out there in a variety of different situations. Some are working through personal issues, some are dealing with financial problems, and many suffer from depression. Sometimes the stress will cause men to turn to drugs, alcohol, even violence and other self-destructive behavior. Father Matter helps men recognize and deal with life-altering challenges through our many programs and seminars.

Father Matters, Inc. is a 501(c)3 non-profit organization that relies on individual corporate, foundation donations, grants and contracted services. All funds raised go directly to Father Matters mentoring programs for families, which means that your donation will help import projects that service children and their families. Help us turn the hearts of men and women back to their children and families.
